

THE NATURAL BOTTLE

End plastic
bottle pollution.
Forever.

Our premium bottles are fully **biodegradable** and therefore **pollution free**. Production is **completely natural** without the use of fossil fuels. The Natural Bottle has an **organic look and feel** and contains **no microplastics**.

The new standard

AquaPlus

Beverage bottles, for water, vitamin or dairy drinks

CarePlus

Care products, like shampoo or body lotion

NutriPlus

Other packaging, like powders, pills or dry foods

Smart material

The Natural Bottle developed cutting-edge smart material made 100% from natural components, which breaks down completely in a natural environment. Our material is used in premium bottles and packaging for beverages, personal care and other packaging like powders, pills or dry foods.

100% Biobased and Recyclable

Zero Fossil Fuel used, fully circular

Biodegradable

100% Home Compostable within 2-5 years. Leaving no microplastics behind

Organic look & feel

Premium quality material with a natural look

A bottle suite for sustainable brands

- Different size options
- White label
